

VENABLES OAK

FURNITURE PIECE PARTS

There is a growing trend in the UK for furniture manufacturers to buy component parts rather than the raw material and Venables Oak supplies a variety of customers including contract furnishing firms serving the leisure industries.

The use of piece-part components can enable clients to reduce costs, increase through-put and reduce stock levels. Piece parts from Venables Oak are sourced reliably, fit for purpose and produced to the highest standard.

All components are machined to exacting tolerances. They are delivered directly to customers to an agreed schedule.

Examples include

- Table Tops
- Turned Legs
- Shaped Legs
- Machined Sections
- Machined Sections pre-jointed
- Complete Chairs unassembled
